Economic Development

Marina MacLatchie, National Telecommunication
and Information Administration

Ice-Breaker

**Kick-off Leadership Engagement:
Biggest Challenges to Digital Equity**

Steve Monaghan

**Information and General Services Agency Director
County of Nevada**

**BROADBAND
FOR ALL**

Icebreaker Exercise

How important are the following barriers and challenges to achieving Digital Equity for all residents in your region?

Please respond to each on a scale of 1 to 5, with 5 being most important.

Barrier or Challenge	1	2	3	4	5
Lack of high-speed internet infrastructure.					
Affordability of high-speed internet service.					
Unawareness about affordable Internet (ACP).					
Need for digital literacy training.					
Unavailability of affordable computing devices.					
Other? (Please describe.)					

Broadband for All: Overview of Existing Investments and Efforts

Scott Adams

Deputy Director, Office of Broadband and Digital Literacy
California Department of Technology

Rob Osborn

Director of Communications Division
California Public Utilities Commission

**BROADBAND
FOR ALL**

“Californians’ ability to access and use broadband is the difference between being able to fully engage in life and being cut off.”

Access

Affordability

Adoption

**DIGITAL
EQUITY**

MULTI-AGENCY COLLABORATION

California Broadband Council

Executive Order N-73-20

Required the development of a California State Broadband Action Plan.

Specific direction on 15 items:

- Data and Mapping
- Funding
- Deployment
- Adoption

BROADBAND FOR ALL **Action Plan**

Goal 1: All Californians have high-performance broadband available at home, schools, libraries, and businesses.

Goal 2: All Californians have access to affordable broadband and necessary devices.

Goal 3: All Californians can access training and support to enable digital inclusion.

Senate Bill 156

- **\$6 billion** investment over three years to:
 - Expand broadband infrastructure
 - Increase affordability
 - Enhance access to broadband for all Californians.
- **\$3.25 billion** to develop, acquire, construct, maintain and operate a statewide “open-access middle-mile” network (CDT)
- **\$2.75 billion** for last-mile infrastructure grant programs (CPUC)

Middle-Mile Broadband Network

- **10,000-mile statewide network on state highways**
 - Contracted by Dec 2024
 - Constructed by Dec 2026
 - Broke ground October 2022

Last-Mile Broadband Programs

California Advanced Services Fund

Up to \$73 million+ annually

Several of programs to fund broadband infrastructure, adoption, and digital literacy, as well Tribal technical assistance.

Federal Funding Account

\$2 billion

Grants for last-mile broadband deployment that focuses on fiber and cable technology. These funds must be encumbered by the 2025 federal deadline, and spent before 2027.

Loan Loss Reserve Fund

\$750 million

Offers credit enhancement, or a type of insurance, that helps lenders control for the risk that loans will not be repaid. For development of public networks.

Local Agency Technical Assistance

\$2.4 million remaining (Tribal)

For public entity or consultant costs to create Joint Powers Authorities, and for other costs to prepare to deploy broadband infrastructure, including for environmental permitting, engineering, etc.

BEAD

TBD; ~990 million to \$1.1 billion+

Grants for broadband deployment, adoption support programs, and digital literacy.

Broadband Adoption

Broadband adoption is daily access to the Internet:

- At speeds, quality and capacity necessary to accomplish common tasks,
- With the digital skills necessary to participate online, and
- On a personal device and secure, convenient network.

Definitions - National Digital Inclusion Alliance

BROADBAND FOR ALL

Affordable Connectivity Program

The Federal Communication Commission's Affordable Connectivity Program is a \$14.2 billion benefit program to lower the cost of home internet service for residents.

\$30 per month

toward internet service for
eligible households

\$75 per month

for households on
qualifying Tribal lands.

**One-time discount
of up to \$100**

to purchase a laptop,
desktop computer, or
tablet from participating
providers

California leads the nation in Affordable Connectivity

Program enrollment with

2,108,983

in statewide enrollment as of May 1, 2023

36% of ACP-Eligible Households

USAC ACP Enrollment and Claims Tracker

Infrastructure Investment and Jobs Act (IIJA)

The IIJA invests roughly \$65 billion to support broadband deployment and adoption and promote digital equity in states.

**Broadband Equity, Access,
and Deployment (BEAD)**

\$42.45B

**Digital Equity Planning,
Capacity, and Competitive
Grants**

\$2.75B

BACKGROUND

SDEP AND BEAD Plan Coordination

- CDT administering entity for Digital Equity Planning program
- CPUC administering entity for Broadband Equity, Access and Deployment program
- Planning processes are coordinated
- Extensive statewide and local engagement and input
- When completed, both plans will be integrated and unlock hundreds of millions of additional dollars to achieve Broadband for All

Covered Populations

The Digital Equity Act prioritizes investments for eight “Covered Populations”

1

Individuals living in covered households

with an income at or below 150% Federal Poverty Level

2

Aging individuals (60+)

3

Incarcerated individuals

other than individuals who are incarcerated in a Federal correctional facility

4

Veterans

5

Individuals with disabilities

6

Individuals with language barriers

including individuals who Are English learners; and have low levels of literacy

7

Members of a racial or ethnic minority group

8

Individuals who primarily reside in a rural area

9

Women and those who identify as female

10

LGBTQI+

Specifically called out in the BEAD notice of funding opportunity

SDEP PLANNING APPROACH **PLANNING COMPONENTS**

The planning process will consist of five components:

- Statewide Planning Group
- Outcome Area Working Groups
- California Digital Equity Survey(s)
- Regional Planning Workshops
- Statewide Public Engagement

BROADBAND FOR ALL

Digital Equity Survey

Survey

CDT will distribute a statewide **Digital Equity Survey** to residents of California as a civic engagement tool to identify barriers to digital equity, especially for Covered Populations.

The survey is intended to capture information about internet access, internet affordability, and internet adoption for residents in California households.

Timeline

Launch Q2 2023

Scope

Two versions of the survey will be shared in **all 58 counties** and will oversample for the **eight covered populations**:

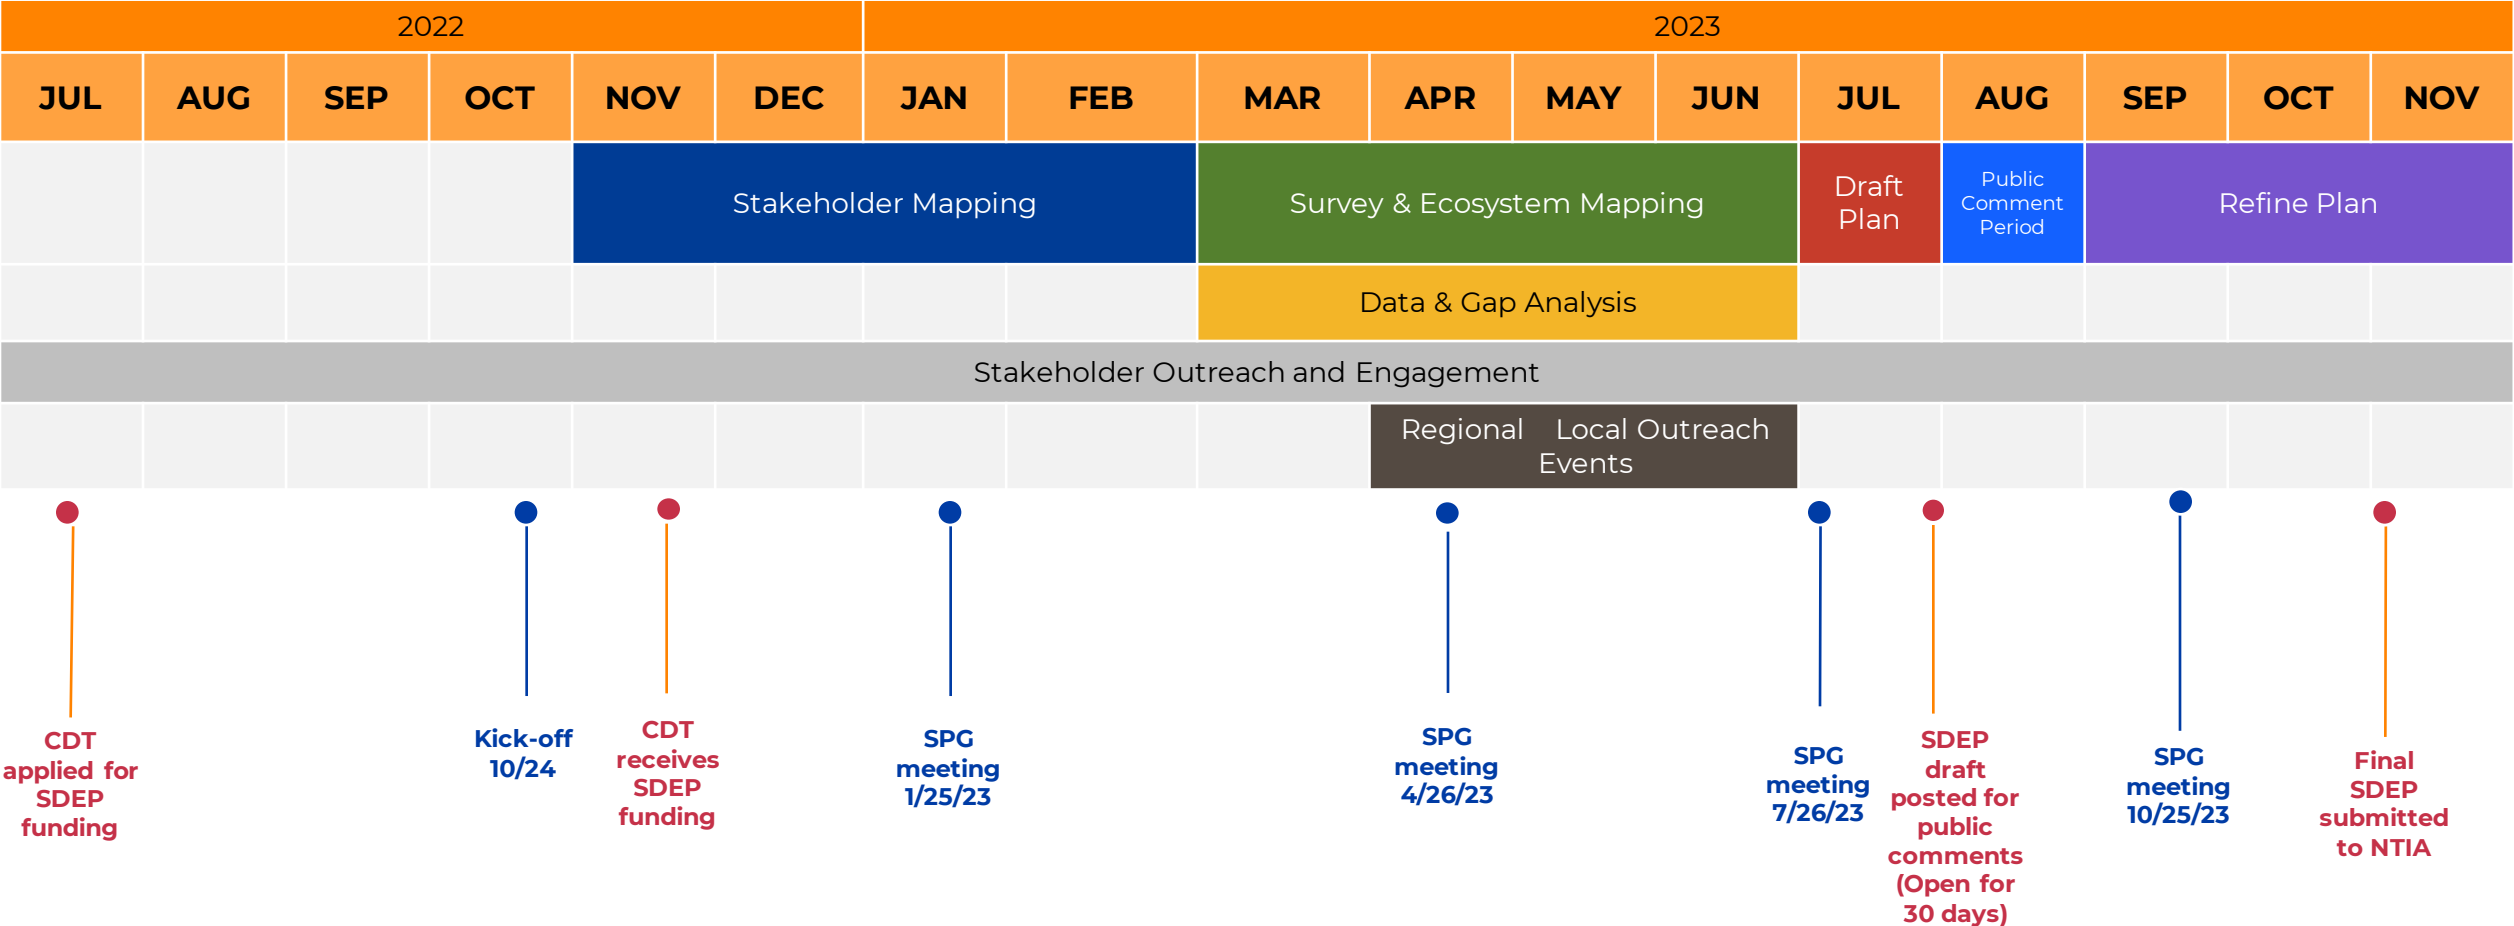

- **Online survey**
- **Phone survey**

SDEP TIMELINE Approximate and Subject to Change

California State Digital Equity Planning (SDEP) Timeline

Important milestones for State Digital Equity Planning:

BROADBAND EQUITY, ACCESS AND DEPLOYMENT PROGRAM

Funding pool
\$42.45B

A program to get all Americans online by funding partnerships between states or territories, communities, and stakeholders to build infrastructure where we need it to and increase adoption of high-speed Internet.

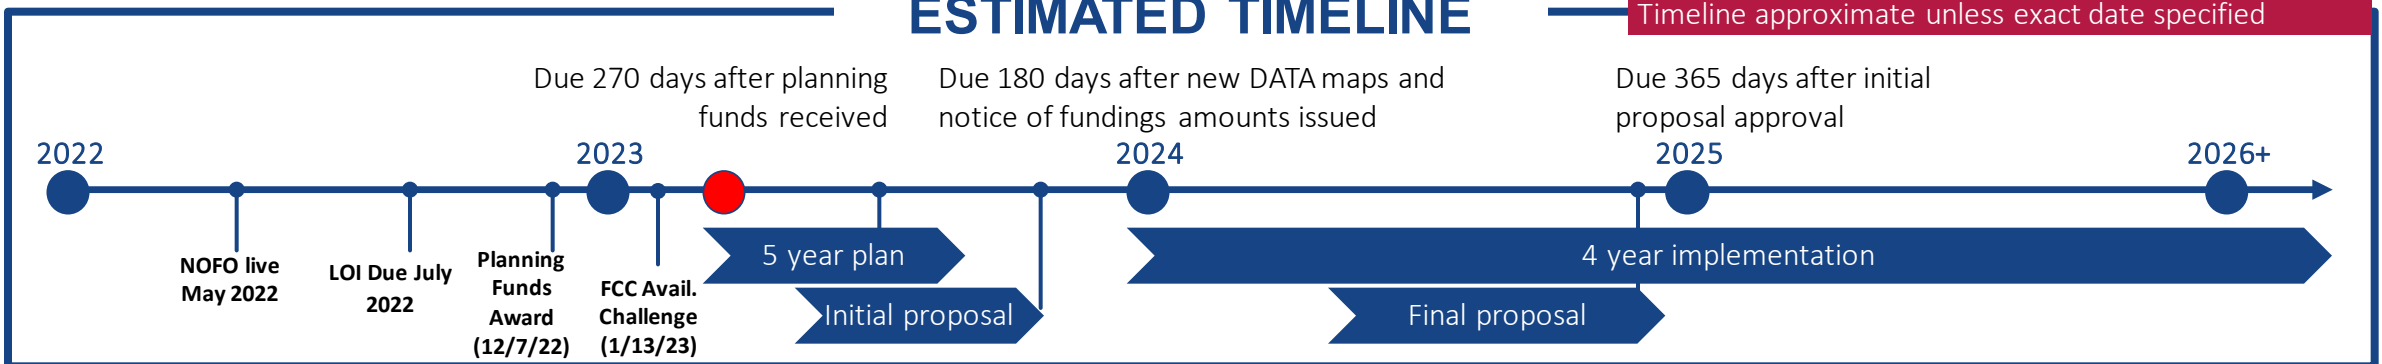

PROGRAM HIGHLIGHTS

Example eligible uses of funds include:

- ☆ Planning for deployment of Internet
- ☆ Installing Internet in multi-tenant buildings
- ☆ Deploying or upgrading Internet
- ☆ Implementing adoption and digital equity programs
- ☆ Workforce and job training

ESTIMATED TIMELINE

Timeline approximate unless exact date specified

California Broadband Equity, Access, and Deployment (BEAD) Timeline

**Steve Monaghan, Nevada County Superintendent
of Schools**

Small Work Group Conversations

Scott Adams

Deputy Director, Office of Broadband and Digital Literacy
California Department of Technology

Cole Przybyla

Broadband Access and Deployment Advisor
California Department of Technology

**BROADBAND
FOR ALL**

Digital Equity Barriers and Challenges for Covered Populations

- 1. Identify** barriers for Covered Populations and gaps to address in the Digital Equity and BEAD Plans.
- 2. Develop** strategies to address challenges and explore opportunities for collaboration.
- 3. Report** out strategies.

Six Policy Outcome Areas

- 1. Identify barriers** lead to disparate outcomes in education, health, digital literacy, workforce and economic development, essential services and civic participation, and tribal collaboration) and address gaps in the Digital Equity and BEAD Plans.
- 2. Develop strategies** to address challenges and explore opportunities for collaboration.
- 3. Report out** strategies.

Calls to Action

Scott Adams

Deputy Director, Office of Broadband and Digital Literacy
California Department of Technology

Rob Osborn

Director of Communications Division
California Public Utilities Commission

**BROADBAND
FOR ALL**

HOW TO TAKE ACTION

Digital Equity Ecosystem Mapping (DEEM) Tool

THE DEEM ISP TOOL IS LIVE!

The Digital Equity Ecosystem Mapping (DEEM) ISP tool tracks **Digital Equity** programs, plans, services, and resources throughout California. The mapping tool identifies:

- What programs are being offered, where they're being offered and to whom, and what is missing in each region.
- Barriers to achieving digital equity in every California county.

Scan the QR code using your mobile device or visit us at bit.ly/DEEMSurvey

Broadband for All

Share the Digital Equity Public Survey

The State is distributing a statewide **Digital Equity Public Survey in 14 languages** to residents of California to identify barriers to digital equity, especially for Covered Populations.

The survey captures information about internet access, internet affordability, and internet adoption for residents in California households.

Link to toolkit with QR code for promoting the Public Survey will be shared in the coming weeks

COMING SOON: Q2 2023

BEAD Rulemaking Process

The CPUC invites you to follow, and to participate in, the BEAD Rulemaking now opened for public participation.

- Reply comments for Rulemaking (R.) 23-02-016 **due early May**
- Seeking input on 14 categories of questions, described in the [Order Instituting Rulemaking](#) (starting on page 5).
- Filing comments will enable you to become a party to the proceeding and will enable your input to be considered as part of the proceeding record
- For help becoming a party or filing comments, email [**public.advisor@cpuc.ca.gov**](mailto:public.advisor@cpuc.ca.gov).
- Anyone who would like to formally participate in a CPUC proceeding must follow the CPUC's Rules of Practice and Procedure ([**www.cpuc.ca.gov/Party_to_a_Proceeding**](http://www.cpuc.ca.gov/Party_to_a_Proceeding)).
- Any member of the public may separately submit public comments [here](#), or by navigating to the docket card for R.23-02-016 and clicking on the "Public Comments" tab.

Public Comment

The CDT invites you to follow, and to participate in, the public comment process

- A 30-day public comment process will be held in mid to late summer

Upcoming State Digital Equity Planning & BEAD Virtual Events

Statewide Digital Planning Group Meetings

- Wednesday, July 26, 2023
- Wednesday, October 25, 2023

Outcome Area Working Group Meetings

- May 16 – Education
- May 16 – Tribal Collaboration
- May 17 – Digital Literacy & Inclusion
- May 17 – Workforce and Economic Development
- May 18 – Health
- May 18 – Essential Services, Accessibility, and Civic Engagement
