Monthly Spotlight

September: CDT Partners with American Dark Fiber

The California Department of Technology (CDT) announces an exciting new joint-build partnership with American Dark Fiber (ADF) to build out over 380 miles of network infrastructure as part of the State's Middle-Mile Broadband Initiative (MMBI). These miles are spread across 13 counties in the northern and southern parts of the State and will enable more affordable and reliable broadband access for some of California's most unserved and underserved communities.
