Middle-Mile Broadband Initiative **FACT SHEET**

1. At A Glance

Pre-Construction:

3,939 miles
(48% of the total miles)

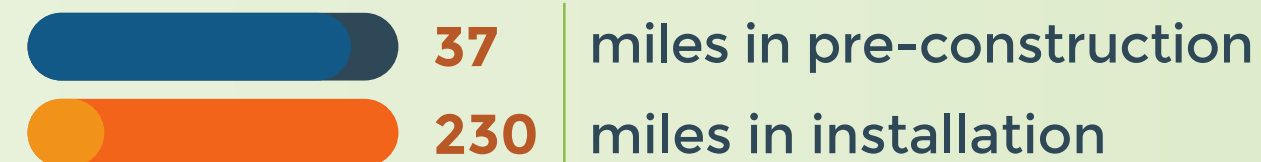

Installation:

4,231 miles
(52% of the total miles)

2. Network Development Activities

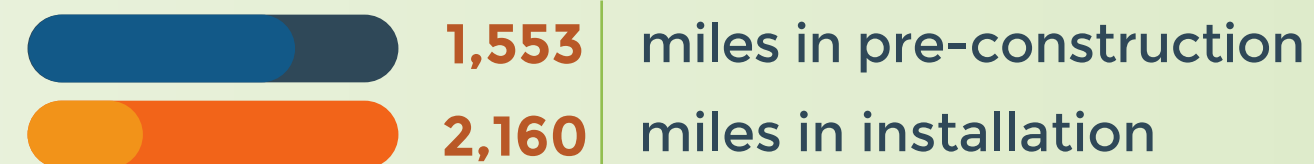

Caltrans Construction: 267 total miles
including SR 67 Dig Smart

IRU/Lease Partners: 3,767 total miles
Boldyn, CVIN, Lumen, TPN, YTel

Joint Build Partners: 3,713 total miles
American Dark Fiber, Arcadian, Hoopa Valley, Lumen, LA BSL, Siskiyou Tel, Vero, Zayo, Karuk Tribe, Gateway Cities Council of Governments, City of Fort Bragg

Purchase Partner: 423 total miles
Digital 395

3. Spotlight

On August 12, the California Department of Technology attended a ribbon-cutting ceremony in Hoopa, hosted by the Hoopa Valley Tribe and Hoopa Valley Public Utilities District. The event marked the start of construction of nearly 23 miles of middle-mile fiber along State Route 96, through the Tribe's ancestral land. This joint-build partnership will help provide broadband internet access to one of California's largest and most remote tribal communities.
