American Dark Fiber, Arcadian, Hoopa Valley,
Lumen, Siskiyou Tel, Vero, Zayo

Purchase Partner: **423** total miles
Digital 395

3. Spotlight

The California Department of Technology participated in the 57th annual California Native American Day event on Friday, September 27, at the West Steps of the California State Capitol building in Sacramento. Hosted by the California Tribal Chairpersons' Association in partnership with the State of California, this event was a great opportunity to celebrate the rich history and culture of California tribes. CDT is proud of the partnerships it has built with several Tribal Nations; each one is critical to the Middle-Mile Broadband Initiative and helps meet the Program's goals of bringing affordable, high-speed broadband service to the unserved and underserved communities.
