464	miles ready-to-connect

Huts: 134 total

37	huts in pre-construction
86	huts in installation
11	huts ready-to-connect

3. Spotlight

BRIDGE Fiber
California's Open-Access Network

We are excited to officially unveil Bridge Fiber, California's new Open-Access Network. Formerly known as the Middle-Mile Broadband Network, this new identity highlights our core mission: to bridge the digital divide. By making high-speed broadband infrastructure accessible to providers and community partners, Bridge Fiber is laying the groundwork for a more connected California.
